A finalist for the Lincoln Prize, The Sea Captain's Wife "comes surprisingly, and movingly, alive" (Tina Jordan, Entertainment Weekly). Award-winning historian Martha Hodes brings us into the extraordinary world of Eunice Connolly. Born white and poor in New England, Eunice moved from countryside to factory city, worked in the mills, then followed her husband to the Deep South. When the Civil War came, Eunice's brothers joined the Union army while her husband fought and died for the Confederacy. Back in New England, a widow and the mother of two, Eunice barely got by as a washerwoman, struggling with crushing depression. Four years later, she fell in love with a black sea captain, married him, and moved to his home in the West Indies. Following every lead in a collection of 500 family letters, Hodes traced Eunice's footsteps and met descendants along the way. This story of misfortune and defiance takes up grand themes of American history—opportunity and racism, war and freedom—and illuminates the lives of ordinary people in the past. She Captains

In 1861, the war that has threatened the United States for decades suddenly rips the country apart, pitting the industrial North against the agricultural South. President Lincoln dispatches Charles Francis Adams, the son of John Quincy Adams, to London to prevent America's nemesis-England-from aiding the Confederate cause. When Adams arrives, he discovers the English are already building warships for the South, and realizes that the very fate of his country is at risk. He enters into a high-stakes game of espionage and diplomacy, determined to save the nation his father and grandfather built. Adams' son, Henry, accompanies his father on the mission, knowing the impact it will have on the war if they fail. While in London, Henry renews a friendship with Baxter Sams, a Southerner. Baxter is studying medicine at the Royal College and has fallen in love with an Englishwoman whose family disapproves of Americans. He is torn between reviling slavery and running medicine across the blockade to help his Confederate brothers. The two young men give voice to the debate raging between thousands of friends and families at home and abroad-and between Charles Francis Adams and the British government. "In the Lion's Den" is an epic tale of intrigue, loyalty, and courage set in London and New York at a time when the British Empire was at its zenith and the American nation in collapse. Casting light into a little-known aspect of history, Elizabeth Cobbs Hoffman delivers a gripping narrative of one of America's finest politicians.
Few women of her time lived to see their name in print. But Katherine was no ordinary woman. She was Sir Walter Raleigh's mother. This is her story.

With her pistols loaded she went aboard And by her side hung a glittering sword In her belt two daggers, well armed for war Was this female smuggler Was this female smuggler who never feared a scar. If a "hen frigate" was any ship carrying a captain's wife, then a "she captain" is a bold woman distinguished for courageous enterprise in the history of the sea. "She captains," who infamously possessed the "bodies of women and the souls of men," thrilled and terrorized their shipmates, doing "deeds beyond the valor of women." Some were "bold and crafty pirates with broadsword in hand." Others were sirens, too, like the Valkyria Princess Alfhild, whom the mariners made rover-captain for her beauty. Like their male counterparts, these astonishing women were drawn to the ocean's beauty -- and its danger. In her inimitable, yarn-spinning style, award-winning historian Joan Druett tells us what life was like for the women who dared to captain ships of their own, don pirates' garb, and perform heroic and hellacious deeds on the high seas. We meet Irish raider Grace "Grania" O'Malley -- sometimes called "the bald Grania" because she cut her hair short like a boy's -- who commanded three galleys and two hundred fighting men. Female pirates Anne Bonny and Mary Read were wanted by the law. Armed to the teeth with cutlasses and pistols, they inspired awe and admiration as they swaggered about in fancy hats and expensive finery, killing many a man who cowered cravenly before them. Lovelorn Susan "Put on a jolly sailor's dress/And daubed her hands with tar/To cross the raging sea/On board a man of war" to be near her William. Others disguised themselves for economic reasons. In 1835, Ann Jane Thornton signed on as a ship's steward to earn the fair wage of nine dollars per month. When it was discovered that she was a woman, the captain testified that Jane was a capital sailor, but the crew had been suspicious of her from the start, "because she would not drink her grog like a regular seaman." In 1838, twenty-two-year-old Grace Darling led the charge to rescue nine castaways from the wreck of the Forfarshire (the Titanic of its day). "I'll save the crew!" she cried, her courageous pledge immortalized in a torrent of books, songs, and poems. Though "she captains" had been sailing for hundreds of years by the turn of the twentieth century, Scotswoman Betsey Miller made headlines by weathering "storms of the deep when many commanders of the other sex have been driven to pieces on the rocks." From the warrior queens of the sixth century B.C. to the women shipowners influential in opening the Northwest Passage, Druett has assembled a real-life cast of characters whose boldness and bravado will capture popular imagination. Following the arc of maritime history from the female perspective, She Captains' intrepid crew sails forth into a sea of adventure.

Lyme, Connecticut, early nineteenth century. Elisha Ely Morgan is a young farm boy who has witnessed firsthand the terror of the War of 1812. Troubled by a tumultuous home life ruled by the fists of their tempestuous father, Ely's two older brothers have both left their pastoral boyhoods to seek manhood through sailing. One afternoon, the Morgan family receives a letter with the news that one brother is lost at sea; the other is believed to be dead. Scrimping as much savings as a farm boy can muster, Ely spends nearly every penny he has to become a sailor on a square-rigged ship, on a route from New York to London—a route he hopes will lead to his vanished brother, Abraham. Learning the brutal trade of a sailor, Ely takes quickly to sea-life, but his focus lies with finding Abraham. Following a series of cryptic clues regarding his brother's fate, Ely becomes entrenched in a mystery deeper than he can imagine. As he feels himself drawing closer to an answer, Ely climbs the ranks to become a captain, experiences romance, faces a mutiny, meets Queen Victoria, and befriends historical legends such as Charles Dickens in his raucous quest.

Year 2019: once again, the scholar Lucia Balleani and the archaeologist Andrea Franciolini will take us by the hand and guide us through the arcane mysteries of the Renaissance Jesi, among streets, alleys and palaces of a historical centre that, at the gates of the 1920s, begins to regurgitate from the underground ancient and important objects from past eras. The archaeological excavations of Piazza Colocci will in fact reserve unexpected surprises in the eyes of the entire population of Jesi. We begin to follow the events of the characters of the sixteenth century through the discovery of ancient documents and archaeological finds by the young couple of researchers of our time. New winds of war will in fact lead the Captain of Arms of the Royal City of Jesi to the battlefields.After the first two episodes of the series "The Printer", here we are at the end, the last episode of the saga dedicated to the Renaissance Jesi. We left Andrea almost at the point of death, helped by his beloved, hidden in disguise. The plot has moved to Urbino, but certainly our two heroes, Andrea Franciolini and Lucia Baldeschi, will have to return to Jesi to fulfill their dream of love. The wedding will have to be a festive and opulent event, and will have to be celebrated by the Bishop of the City of Jesi, Monsignor Piersimone Ghislieri. But are we sure that obscure plots, of destiny and of men, will not be able to hinder for the umpteenth time the union between Andrea and Lucia? The two lovers have found each other again, and for nothing in the world would they want to leave each other again. Andrea finally wants to be a father to his little girl, Laura and, why not, to Lucia's adopted daughter, Anna. The girls are fantastic, they are growing up healthy and lively in the country residence of the Counts Baldeschi, and Andrea is enjoying their closeness. But winds of war will once again lead the Captain of Arms of the Royal City of Jesi to the battlefields. And soon to leave the peace and quiet regained. The Lansquenets press the gates of northern Italy and the Duke of Oak, in a strange alliance with Giovanni De' Medici, better known as Giovanni Dalle Bande Nere, will do his best to prevent German soldiers from reaching Florence and even Rome. Avoiding the sacking of the Eternal City in 1527 will not be an easy task, neither for the Duke Della Rovere, nor for Giovanni dalle Bande Nere, nor for Captain Franciolino de' Franciolini. Let us once again follow the events of the characters of the sixteenth century through the discoveries of ancient documents and archaeological finds of the young couple of researchers of our time. Once again, the scholar Lucia Balleani and the archaeologist Andrea Franciolini will take us by the hand and guide us through the arcane mysteries of the Renaissance Jesi, among streets, alleys and palaces of an old town centre that, at the gates of the 1920s, begins to regurgitate from the underground ancient and important objects from past eras.

What if we craved God more than we crave the appetites of our flesh? What if we were obsessed with knowing God more than we are obsessed with our personal entertainment and comfort? Deep within our hearts is a nagging restlessness, a persistent desire for something more than the life we're living. For some of us, it's little more than an occasional distraction, a subtle drone in the background of our minds. For others, it is a relentless hunger that clamors for fulfillment. While the world around us radiates the splendor of a magnificent Creator, the world within us bears little resemblance to anything splendrous. Although we were created to reflect the image of God, we humans are the only creatures on earth that struggle to live the way we are designed to live. Holy Libido will ignite hope within you, fanning into flame your longing for a passionate relationship with God. Holy Libido will infuse you with the courage to expose-and abandon-the lies of the world. Holy Libido will compel you to rediscover the original design of humanity-to live life as God's masterpiece. With intriguing anecdotes, a bit of wisdom, and the author's refreshing sense of humor, Holy Libido will spur you on to rediscover what it means to reflect a hint of the splendor of our majestic Creator.

At the end of 1618, a blazing green star soared across the night sky over the northern hemisphere. From the Philippines to the Arctic, the comet became a sensation and a symbol, a warning of doom or a promise of salvation. Two years later, as the Pilgrims prepared to sail across the Atlantic on board the Mayflower, the atmosphere remained charged with fear and expectation. Men and women readied themselves for war, pestilence, or divine retribution. Against this background, and amid deep economic depression, the Pilgrims conceived their enterprise of exile. Within a decade, despite crisis and catastrophe, they built a thriving settlement at New Plymouth, based on beaver fur, corn, and cattle. In doing so, they laid the foundations for Massachusetts, New England, and a new nation. Using a wealth of new evidence from landscape, archaeology, and hundreds of overlooked or neglected documents, Nick Bunker gives a vivid and strikingly original account of the Mayflower project and the first decade of the Plymouth Colony. From mercantile London and the rural England of Queen Elizabeth I and King James I to the mountains and rivers of Maine, he weaves a rich narrative that combines religion, politics, money, science, and the sea. The Pilgrims were entrepreneurs as well as evangelicals, political radicals as well as Christian idealists. Making Haste from Babylon tells their story in unrivaled depth, from their roots in religious conflict and village strife at home to their final creation of a permanent foothold in America.
