CENTURY Frances is twenty-one years old, cool-headed and observant. A student in Dublin and an aspiring writer, at night she performs spoken word with her best friend Bobbi, who used to be her girlfriend. When they are interviewed and then befriended by Melissa, a well-known journalist who is married to Nick, an actor, they enter a world of beautiful houses, raucous dinner parties and holidays in Provence, beginning a complex ménage-à-quatre. But when Frances and Nick get unexpectedly closer, the sharply witty and emotion-averse Frances is forced to honestly confront her own vulnerabilities for the first time.

Coco meets Stranger Things with a hint of Ghostbusters in this action-packed supernatural fantasy. For Lucely Luna, ghosts are more than just the family business. Shortly before Halloween, Lucely and her best friend, Syd, cast a spell that accidentally awakens malicious spirits, wreaking havoc throughout St. Augustine. Together, they must join forces with Syd's witch grandmother, Babette, and her tubby tabby, Chunk, to fight the haunting head-on and reverse the curse to save the town and Lucely's firefly spirits before it's too late. With the family dynamics of Coco and action-packed adventure of Ghostbusters, Claribel A. Ortega delivers both a thrillingly spooky and delightfully sweet debut novel.

A literary thriller about an infamous desert art installation, the cult it inspired, and the search for a missing young woman that is "cinematic . . . readers will be compelled to start again at page one to discover how O'Connor pieces together his suspenseful, incredibly well-written narrative" (Library Journal, starred review). Los Angeles, the late 1970s: Jess Shepard is an installation artist who creates environments that focus on light and space, often leading to intense sensory experiences for visitors to her work. A run of critically lauded projects peaks with Zero Zone, an installation at the once upon a time site of nuclear bomb testing in the New Mexico desert. But when a small group of travelers experience what they perceive as a religious awakening inside Zero Zone, they barricade themselves in the installation until authorities are forced to intervene. That violent showdown becomes a media sensation, and its aftermath follows Jess wherever she goes. Devastated by the attack and the distortion of her art, Jess retreats from the world. Unable to work, Jess unravels mentally and emotionally, plagued by a nagging uncertainty as to her culpability for what happened. Three years later, a survivor from Zero Zone comes looking for Jess, who must move past her self imposed isolation to face down her fears and recover her art and possibly her life from a violent cult intent of making it their own.

"I fell in love with my first misfit at the age of three. He was a disabled man in a wheelchair who sold newspapers every afternoon outside the Empire Hotel in Annandale. Whenever I glimpsed him in the distance I would break into a run, jump onto his lap, and smother him with kisses." Misfits & Me represents a selection of Mandy Sayer's non-fiction writing from the past twenty years. Each essay has been chosen to reflect a different aspect of Mandy's attraction to Australia's misfits and outsiders, from child gangs and hoarders to pensioner drug dealers. Sayer also writes with her inimitable frankness about her unconventional family, her unusual marriage to playwright and author Louis Nowra, and her writing process. 'Mandy Sayer's Misfits & Me is warm and generous, deadly serious and very funny. Sayer is a terrific storyteller and the stories that she is telling us here are vital,

surprising and necessary.' — Christos Tsiolkas 'Sayer deftly draws parallels between her own experiences of trauma and those of her interview subjects...will appeal to fans of Sayer's previous work over the last two decades as well as readers of investigative journalism. ' — Sonia Nair, Books+Publishing

Most films rely on a script developed in pre-production. Yet beginning in the 1950s and continuing through the recent mumblecore movement, key independent filmmakers have broken with the traditional screenplay. Instead, they have turned to new approaches to scripting that allow for more complex characterization and shift the emphasis from the page to performance. In *Rewriting Indie Cinema*, J. J. Murphy explores these alternative forms of scripting and how they have shaped American film from the 1950s to the present. He traces a strain of indie cinema that used improvisation and psychodrama, a therapeutic form of improvised acting based on a performer's own life experiences. Murphy begins in the 1950s and 1960s with John Cassavetes, Shirley Clarke, Barbara Loden, Andy Warhol, Norman Mailer, William Greaves, and other independent directors who sought to create a new type of narrative cinema. In the twenty-first century, filmmakers such as Gus Van Sant, the Safdie brothers, Joe Swanberg, and Sean Baker developed similar strategies, sometimes benefitting from the freedom of digital technology. In reading key films and analyzing their techniques, *Rewriting Indie Cinema* demonstrates how divergence from the script has blurred the divide between fiction and nonfiction. Showing the ways in which filmmakers have striven to capture the subtleties of everyday behavior, Murphy provides a new history of American indie filmmaking and how it challenges Hollywood industrial practices.

The buying, selling, and writing of books is a colossal industry in which marketing looms large, yet there are very few books which deal with book marketing (how-to texts excepted) and fewer still on book consumption. This innovative text not only rectifies this, but also argues that far from being detached, the book business in fact epitomises today's Entertainment Economy (fast moving, hit driven, intense competition, rapid technological change, etc.). Written by an impressive roster of renowned marketing authorities, many with experience of the book trade and all gifted writers in their own right, *Consuming Books* steps back from the practicalities of book marketing and takes a look at the industry from a broader consumer research perspective. Consisting of sixteen chapters, divided into four loose sections, this key text covers: * a historical overview * the often acrimonious marketing/literature interface * the consumers of books (from book groups to bookcrossing) * a consideration of the tensions that both literary types and marketers feel. With something for everyone, *Consuming Books* not only complements the 'how-to' genre but provides the depth that previous studies of book consumption conspicuously lack.

"Lucid, thoughtful...writers and teachers will learn much from it...Belongs wherever Strunk and White's *The Elements of Style* finds frequent use."--Booklist "Writers will actually learn things here."--Los Angeles Times "Perfect for teachers, critics and general readers."--Library Journal "Required reading for all those who care about good fiction."--Kirkus Reviews Drawing upon twenty-eight years of experience as the CEO and editorial director of St. Martin's Press, Thomas McCormack gives practical guidance about how to plan, write, and revise a novel. A standard reference for editors since its first publication in 1988, *The Fiction Editor* has also become popular with writers because McCormack's advice is constructive at every step of the creative process. From individual word choice right up to the overarching effect of the work as a whole, he details how to structure the novel, choose the characters, drive the story, diagnose narrative ailments, and find and apply specific remedies. In this revised second edition, McCormack takes advantage of almost two decades of additional experience to clarify and expand on what he has learned. "Written in an amiable tone, often using examples, hypothetical writing scenarios, or dialogue-style discourse between industry professionals to clarify its points, *The Fiction Editor, the Novel, and the Novelist* is a superb handbook for fiction writers but especially recommended for prospective and professional fiction editors."--Midwest Book Review Thomas McCormack edited authors as diverse as James Herriot (*All Creatures Great and Small*) and Thomas Harris (*The Silence of the Lambs*). He was awarded LMP's Lifetime Achievement Award and the AAP's Curtis Benjamin Award for Creative Publishing. For two years, he wrote "The Cheerful Skeptic" column in *Publishers Weekly*.

ideas and most pressing questions of our times. 'Both moving and so funny I had to stop every few pages to wipe tears from my eyes' OBSERVER, BEST BOOKS OF 2021 'Emotionally cogent and intellectually fascinating... I was gripped by it' Ian McEwan Double Blind follows three close friends and their circle through a year of extraordinary transformation. Set between London, Cap d'Antibes, Big Sur and a rewilded corner of Sussex, this thrilling, ambitious novel is as compelling about ecology, psychoanalysis, genetics and neuroscience as it is about love, fear and courage. When Olivia meets a new lover, Francis, just as she is welcoming her dearest friend Lucy back from New York, her life expands precipitously. Her connection to Francis, a committed naturalist living off-grid, is immediate and startling. Eager to involve Lucy in her joy, Olivia introduces the two -- but Lucy has news of her own that binds the trio unusually close. Over the months that follow, Lucy's boss Hunter, Olivia's psychoanalyst parents, and a young man named Sebastian are pulled into the friends' orbit, and not one of them will emerge unchanged. Expansive, playful and compassionate, Double Blind investigates themes of inheritance, determinism, freedom, consciousness, and the stories we tell about ourselves. Most of all, it is a perfect expression of the interconnections it sets out to examine, and a moving evocation of an imagined world that is deeply intelligent, often tender, curious, and very much alive. Real Life Writings in American Literary Journalism: a Narratological Study

Advertisements for Myself is a comprehensive collection of the best of Norman Mailer's essays, stories, interviews and journalism from the Forties and Fifties, linked by anarchic and riotous autobiographical commentary. Laying bare the heart of a witty, belligerent and vigorous writer, this manifesto of Mailer's key beliefs contains pieces on his war experiences in the Philippines (the basis for his famous first novel *The Naked and the Dead*), tributes to fellow novelists William Styron, Saul Bellow, Truman Capote and Gore Vidal and magnificent polemics against pornography, advertising, drugs and politics. Also included is his notorious exposition of the phenomenon of the 'White Negro', the Beat Generation's existentialist hero whose life, like Mailer's, is 'an uncharted journey into the rebellious imperatives of the self'

A collection of reminiscences that illuminate the career and private life of the iconic author of 'Slaughterhouse-Five' Kurt Vonnegut (1922-2007), who began his writing career working for popular magazines, held both literary aspirations and an attraction to genre fiction. His conspicuous refusal to respect literary boundaries was part of what made him a countercultural icon in the 1960s and 1970s. Vonnegut's personal life was marked in large part by public success and private turmoil. Two turbulent marriages, his sudden adoption of his late sister's four children (and the equally sudden removal of one of those children), and a mid-eighties suicide attempt all signaled the extent of Vonnegut's inner troubles. Yet, he was a generous friend to many, maintaining close correspondences throughout his life. Kurt Vonnegut Remembered gathers reminiscences--by those who knew him intimately, and from those met him only once--that span Vonnegut's entire life. Among the anecdotes in this collection are remembrances from his immediate family, reflections from his comrades in World War II, and tributes from writers he worked with in Iowa City and from those who knew him when he was young. Editor Jim O'Loughlin offers biographical notes on Vonnegut's relationship with each of these figures. Since Vonnegut's death, much has been written on his life and work, but this new volume offers a more generous view of his life, particularly his last years. In O'Loughlin's introduction to the volume, he argues that we can locate and understand Vonnegut's best self through his public persona, and that in his performance as the kind and humane figure that many of the speakers here knew him as, Vonnegut became a better person than he ever felt himself to be.

In his 1989 book, *Fast Capitalism*, Ben Agger presented a framework for understanding late-20th century social problems. *Speeding Up Fast Capitalism*, a sequel to his earlier book, assesses social changes since the end of the 1980s brought about by information technologies like the Internet, which have quickened the pace of everyday life. In *Speeding Up Fast Capitalism*, Agger assesses the impact of the Internet on consciousness, communication, culture and community, and evaluates the prospects of democratic social change. Where the earlier book was largely theoretical, *Speeding Up* applies critical theory to specific topics such as Internet culture, work, families, childhood, schooling, food, the body and fitness. Although indebted to *Fast Capitalism*, the sequel appeals to an audience wider than theorists, including empirical sociologists, social scientists and scholars in cultural disciplines. A guide to the modes and methods of Creative Writing research, designed to be invaluable to university staff and students in formulating research ideas, and in selecting appropriate strategies. This book is a comprehensive study of the work of the American author Norman Mailer, charting his response to critical events in his country's development since 1945. Focusing on Mailer's descriptions of World War II, 1960s counter-culture, the Vietnam War, the Apollo 11 mission and the execution of Gary Gilmore in Utah in 1977, the book analyses the native vernaculars in ten of his most critically acclaimed works. Moving beyond politically orientated scholarship, the author outlines Mailer's New

York, American GI, Mid-West and Southern styles, contextualising his prose against earlier American authors, including Henry Adams, Ernest Hemingway and John Dos Passos, and positioning his writing alongside contemporary notables such as Joan Didion, William Burroughs and Truman Capote. Incorporating over forty years of scholarship in the form of articles, reviews and interviews, this book pinpoints the American attributes in Mailer's writing with a view to identifying trends in post-war American literary movements, the Beat Generation, New Journalism and Pop Art among others.

Alphabetically arranged entries include discussions of individual authors, literary movements, institutions, notable texts, literary developments, themes, ethnic literatures, and "topic" essays. "Writing is spooky," according to Norman Mailer. "There is no routine of an office to keep you going, only the blank page each morning, and you never know where your words are coming from, those divine words." In *The Spooky Art*, Mailer discusses with signature candor the rewards and trials of the writing life, and recommends the tools to navigate it. Addressing the reader in a conversational tone, he draws on the best of more than fifty years of his own criticism, advice, and detailed observations about the writer's craft. Praise for *The Spooky Art* "The Spooky Art shows Mailer's brave willingness to take on demanding forms and daunting issues. . . . He has been a thoughtful and stylish witness to the best and worst of the American century."—The Boston Globe "At his best—as artists should be judged—Mailer is indispensable, an American treasure. There is enough of his best in this book for it to be welcomed with gratitude."—The Washington Post "[The Spooky Art] should nourish and inform—as well as entertain—almost any serious reader of the novel."—Baltimore Sun "The richest book ever written about the writer's subconscious."—The Philadelphia Inquirer "Striking . . . entrancingly frank."—Entertainment Weekly Praise for Norman Mailer "[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation."—The New York Times "A writer of the greatest and most reckless talent."—The New Yorker "A devastatingly alive and original creative mind."—Life "Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance."—The New York Review of Books "The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book."—Chicago Tribune "Mailer is a master of his craft. His language carries you through the story like a leaf on a stream."—The Cincinnati Post

Gabriel García Márquez's novel *One Hundred Years of Solitude* seemed destined for obscurity upon its publication in 1967. The little-known author, small publisher, magical style, and setting in a remote Caribbean village were hardly the usual ingredients for success in the literary marketplace. Yet today it ranks among the best-selling books of all time. Translated into dozens of languages, it continues to enter the lives of new readers around the world. How did *One Hundred Years of Solitude* achieve this unlikely success? And what does its trajectory tell us about how a work of art becomes a classic? *Ascent to Glory* is a groundbreaking study of *One Hundred Years of Solitude*, from the moment García Márquez first had the idea for the novel to its global consecration. Using new documents from the author's archives, Álvaro Santana-Acuña shows how García Márquez wrote the novel, going beyond the many legends that surround it. He unveils the literary ideas and networks that made possible the book's creation and initial success. Santana-Acuña then follows this novel's path in more than seventy countries on five continents and explains how thousands of people and organizations have helped it to become a global classic. Shedding new light on the novel's imagination, production, and reception, *Ascent to Glory* is an eye-opening book for cultural sociologists and literary historians as well as for fans of García Márquez and *One Hundred Years of Solitude*.

A Companion to Crime Fiction presents the definitive guide to this popular genre from its origins in the eighteenth century to the present day A collection of forty-seven newly commissioned essays from a team of leading scholars across the globe make this Companion the definitive guide to crime fiction Follows the development of the genre from its origins in the eighteenth century through to its phenomenal present day popularity Features full-length critical essays on the most significant authors and film-makers, from Arthur Conan Doyle and Dashiell Hammett to Alfred Hitchcock and Martin Scorsese exploring the ways in which they have shaped and influenced the field Includes extensive references to the most up-to-date scholarship, and a comprehensive bibliography

The novelist E.L. Doctorow, who died in 2015, will long be remembered for his highly imaginative historical fiction. In intricate and profound works like *Ragtime*, *Billy Bathgate*, *The March* and many others, Doctorow helped redefine American fiction by subverting our received ideas about the past and offering a radical critique of contemporary culture. Yet Doctorow often saved his most daring and charged prose for his non-fiction, especially his numerous essays published over four decades in *The Nation*, a journal of which he was a longtime supporter. Collected here for the first time, Doctorow's *Nation* essays show a brilliant writer probing through the detritus of American politics and culture for glimpses of intact American ideals. Often he finds them; sometimes, painfully, he does not. Whether paying homage to a literary ancestor, F. Scott Fitzgerald, or celebrating art as "a natural resource as critical to us and our identity and our survival as are our oil, our coal, our timber," the essays collected in *Citizen Doctorow* are an unforgettable account of the American scene as understood by one of its most penetrating observers. Together, they offer a conclusive proof that, as Faulkner, one of Doctorow's greatest influences, once put it, "The past is never dead. It's not even past."

This referential collection of essays is an important guide to the emergence and development of literary journalism through the centuries. The book begins with the defining of genres, literature and journalism, which blur the lines between them. It also gives an insight into the theories of narratology. Some practitioners included in this book are great American writers like, John Hersey, Truman Capote, Norman Mailer and Don DeLillo. These literary journalists bring to life both major as well trivial issues of the society. New journalists coalesce all the fictional techniques with the

journalistic methods to present a unique and sophisticated style which requires extensive research and even more careful reporting than done in the typical news articles. The book closes with the concluding thoughts followed by list of works cited.

A witty round-up of writers' habits that includes all the big names, such as Dickens, Flaubert, Tolstoy, Hemingway At public events readers always ask writers how they write. The process fascinates them. Now they have a very witty book that ranges around the world and throughout history to answer their questions. All the great writers are here — Dickens, dashing off his work; Henry James dictating it; Flaubert shouting each word aloud in the garden; Hemingway at work in cafés with his pencil. But pencil or pen, trusty typewriter or computer, they all have their advocates. Not to mention the writers who can only keep the words flowing by writing naked, or while walking or listening to music — and generally obeying the most bizarre superstitions. On Shakespeare's works: "Fantastic. And it was all done with a feather!" — Sam Goldwyn "I write nude, seated on a thick towel, and perhaps with a second towel around me." — Paul West "I've never heard of anyone getting plumber's block, or traffic cop's block." — Allan Gurganus "I'm a drinker with a writing problem." — Brendan Behan

In the mid-nineteenth century, Arthur Rimbaud, the volatile genius of French poetry, invented a language that captured the energy and visual complexity of the modern world. This book explores some of the technical aspects of this language in relation to the new techniques brought forth by the Impressionist painters such as Monet, Morisot, and Pissarro.

This comprehensive guide to writing journal articles addresses all the stages and recurring challenges, from targeting a journal to dealing with reviewer feedback. Drawing on many years of running 'Writing for Publication' workshops, Murray explores not only style and structure but also behaviours and emotions. As a key component of both research courses and careers, this timely text also addresses the struggle to make time for high quality academic writing and how to ensure a writing-life balance. Examining a variety of approaches, relevant to many different academic disciplines, this core text demystifies and defines writing practices and makes this form of high-stakes academic writing seem manageable. Writing for journals has never been more competitive, and writers, researchers, practitioners and students need expert guidance on productive practices and ways of maintaining focus and motivation, which Murray provides. This latest edition is completely updated and more relevant than ever for clinicians, practitioners and students. "This book was already a classic, but the update makes it even more useful. From finding time to write, doing a short literature review and identifying scam journals, Rowena Murray provides an excellent, concise and accessible companion for writing academic journal papers, which is appropriate for both students and working academics." Associate Professor Inger Mewburn, Director of Research Training, The Australian National University, Australia "Rowena Murray has approached publishing in a journal with scientific rigour. Following this book's recommendations will make it impossible to find a convincing excuse for failure to publish. She herself writes with a high level of artisanal skill; this book is fast paced, stylish and highly readable. Her own extensive experience in supporting journal article writers tempers this book with the credibility of a seasoned veteran. Best of all, there is a wealth of wisdom here—in advising on how to publish, Murray is also advising on how to live a satisfying life as a writer." Associate Professor Susan Carter, University of Auckland, New Zealand "In Writing for Academic Journals (4th edition), Rowena Murray's voice is direct, down-to-earth and wise. Drawing on a depth of practical experience as both published author and writing teacher, she conveys the message that, yes, publishing in academic journals is demanding, but it's also very possible. And that once you are successful, there is still much to be learned from reading books like this one and hanging out with others in writing groups and workshops. To that end, the book is a trove of tips and techniques helpful to all who pursue the challenging craft of (good) academic writing." Barbara Grant, Associate Professor in the School of Critical Studies in Education at the University of Auckland, New Zealand, and author of Academic writing retreats: A facilitator's uide

. . . In Cold Blood, The Electric Kool-Aid Acid Test, Fear and Loathing in Las Vegas, Slouching Towards Bethlehem, The Armies of the Night . . . Starting in 1965 and spanning a ten-year period, a group of writers including Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, and Michael Herr emerged and joined a few of their pioneering elders, including Truman Capote and Norman Mailer, to remake American letters. The perfect chroniclers of an age of frenzied cultural change, they were blessed with the insight that traditional tools of reporting would prove inadequate to tell the story of a nation manically hopscotching from hope to doom and back again—from war to rock, assassination to drugs, hippies to Yippies, Kennedy to the dark lord Nixon. Traditional just-the-facts reporting simply couldn't provide a neat and symmetrical order to this chaos. Marc Weingarten has interviewed many of the major players to provide a startling behind-the-scenes account of the rise and fall of the most revolutionary literary outpouring of the postwar era, set against the backdrop of some of the most turbulent—and significant—years in contemporary American life. These are the stories behind

those stories, from Tom Wolfe's white-suited adventures in the counterculture to Hunter S. Thompson's drug-addled invention of gonzo to Michael Herr's redefinition of war reporting in the hell of Vietnam. Weingarten also tells the deeper backstory, recounting the rich and surprising history of the editors and the magazines who made the movement possible, notably the three greatest editors of the era—Harold Hayes at *Esquire*, Clay Felker at *New York*, and Jann Wenner at *Rolling Stone*. And finally Weingarten takes us through the demise of the New Journalists, a tragedy of hubris, miscalculation, and corporate menacing. This is the story of perhaps the last great good time in American journalism, a time when writers didn't just cover stories but immersed themselves in them, and when journalism didn't just report America but reshaped it. "Within a seven-year period, a group of writers emerged, seemingly out of nowhere—Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, Michael Herr—to impose some order on all of this American mayhem, each in his or her own distinctive manner (a few old hands, like Truman Capote and Norman Mailer, chipped in, as well). They came to tell us stories about ourselves in ways that we couldn't, stories about the way life was being lived in the sixties and seventies and what it all meant to us. The stakes were high; deep fissures were rending the social fabric, the world was out of order. So they became our master explainers, our town criers, even our moral conscience—the New Journalists." —from the Introduction

A dark, twisty thriller about a centuries-old, ivy-covered boarding school haunted by its history of witchcraft and two girls dangerously close to digging up the past. The dangerous romance and atmospheric setting makes it a perfect read for fans of dark academia. Felicity Morrow is back at the Dalloway School. Perched in the Catskill Mountains, the centuries-old, ivy-covered campus was home until the tragic death of her girlfriend. Now, after a year away, she's returned to finish high school. She even has her old room in Godwin House, the exclusive dormitory rumored to be haunted by the spirits of five Dalloway students—girls some say were witches. The Dalloway Five all died mysteriously, one after another, right on Godwin grounds. Witchcraft is woven into Dalloway's past. The school doesn't talk about it, but the students do. In secret rooms and shadowy corners, girls convene. And before her girlfriend died, Felicity was drawn to the dark. She's determined to leave that behind now, but it's hard when Dalloway's occult history is everywhere. And when the new girl won't let her forget. It's Ellis Haley's first year at Dalloway, and she has already amassed a loyal following. A prodigy novelist at seventeen, Ellis is a so-called method writer. She's eccentric and brilliant, and Felicity can't shake the pull she feels to her. So when Ellis asks Felicity to help her research the Dalloway Five for her second book, Felicity can't say no. Given her history with the arcane, Felicity is the perfect resource. And when history begins to repeat itself, Felicity will have to face the darkness in Dalloway—and herself.

Discover the tricks that your brain uses to keep you from writing—and how to beat them. Do you: Want to write, but find it impossible to get started? Keep your schedules so full that you don't have any time to write? Wait until the last minute to write, even though you know you could do a better job if you gave yourself more time? Suddenly remember ten other things that you need to do whenever you sit down to write? Sabotage your own best efforts with lost files, missed deadlines, or excessive self-criticism? The good news is that you're not lazy, undisciplined, or lacking in willpower, talent or ambition. You just need to learn what's going on inside your brain, and harness the power of brain science to beat resistance and develop a productive writing habit. In *Around the Writer's Block*, Rosanne Bane-- a creativity coach and writing teacher for more than 20 years-- uses the most recent breakthroughs in brain science to help us understand, in simple, clear language, where writing resistance comes from: a fight-or-flight response hard-wired into our brain, which can make us desperate to flee the sources of our anxieties by any means possible. Bane's three-part plan, which has improved the productivity of thousands of writers, helps you develop new reliable writing habits, rewire the brain's responses to the anxiety of writing, and turn writing from a source of stress and anxiety into one of joy and personal growth.

A celebration of the Pulitzer Prize-winning novelist who put Albany on the world's literary map. Award-winning novelist William Kennedy is perhaps best known for his Albany Cycle, a series of novels that put Albany on the world's literary map alongside James Joyce's *Dublin*, Gabriel García Márquez's *Macondo*, and William Faulkner's *Yoknapatawpha County*. *Bootlegger of the Soul* offers a fresh and authoritative overview of Kennedy's long literary career and his astonishing

trajectory from journalist to struggling novelist to Pulitzer Prize winner. Included here are reviews, interviews, and scholarly essays on Kennedy's work, as well as essays, speeches, a play, and a short story by the author himself, together with more than fifty historical and personal photographs. Lively, readable, and brimming with the infectious wit and lyrical prose that animates Kennedy's novels, *Bootlegger of the Soul* is a celebration of a writer still working hard at his craft at age ninety. "There are no dead sentences in [Kennedy's] work. His language is vigorous, full of energy. He's just a pure writer." — Saul Bellow "William Kennedy's cycle of Albany novels may be one of the most exuberant literary feats of the past half-century." — Colum McCann "Kennedy's art is an eccentric triumph, a quirky, risk-taking imagination at play upon the solid paving stones, the breweries, the politicians, and pool sharks of an all-too-actual city." — Thomas Flanagan
