A Globe and Mail Best Book of the Year: “Part Western, part historical epic, part romantic melodrama and part crime novel” (Montreal Gazette). Son of a Canadian lumber baron, Wesley Case is a former soldier who sets out into the untamed borderlands between Canada and the United States to escape a dark secret from his past. He settles in Montana, where he hopes to buy a cattle ranch, and where he begins work as a liaison between the American and Canadian militaries in an effort to contain the Native Americans’ unresolved anger in the wake of the Civil War. Amidst the brutal violence that erupts between the Sioux warriors and US forces, Case’s plan for a quiet ranch life is further compromised by an unexpected dilemma: he falls in love with the beautiful, outspoken, and recently widowed Ada Tarr. It’s a budding romance that soon inflames the jealousy of Ada’s quiet and deeply disturbed admirer—a tension that will explode just as the American government unleashes its final assault on the Indians. Following *The Englishman’s Boy* and *The Last Crossing*, this is part of the acclaimed trilogy by an author who “is often compared to Larry McMurtry, and rightfully so” (Booklist). “A love story, a thriller, a Conradian meditation on courage and manhood, and a thoughtful examination of the origins of Canada’s tangled relationship with its big southern neighbor . . . An epic that matches its grand ambitions.” —Winnipeg Free Press “One of North America’s best writers.” —Annie Proulx, New York Times–bestselling author of *Barkskins*

Nicole soon discovers that Ashley is not the person she claims to be, but her real identity remains a mystery. Meanwhile, a long-delayed and undesired inheritance is finally deposited into Nicole’s bank account. Within a few days, someone dear to Nicole is kidnapped in the same manner as Ashley. The perpetrators demand Nicole’s full inheritance as ransom. She’s willing to hand the money over but finds it’s not so easy. The kidnappers have an uncanny ability to track her every move, and they suspect a trap. When their most terrifying threat is delivered to her door, Nicole is faced with a terrible choice: Should she count on the police or risk going it alone? “Nicole Graves is a charming and straight-shooting heroine” – Foreword Reviews

A dark and addictive fantasy read for fans of Graceling and Sarah J. Maas. The life of an orphan soldier becomes entwined with that of the mysterious heir to the throne, whose very presence draws out the secret magic living inside her: a magic that breaks every law she is duty-bound to uphold... The room is small and dark. Row upon row of jars line the shelves, each one sealed with blood-red wax. The seal's mark is a twisted circle of briar with gleaming, gold-tipped thorns. And in each jar a flicker of forbidden magic dances... beautiful, but deadly. Sold to the Crown in the aftermath of the Last Great War, Grace Marchant has never known her parents. Now, she trains as an elite soldier tracking down mageborn – those born with an ancient and long-outlawed magic – and destroying them if they don't surrender their power to the Crown. The mageborn who submit are collared, then handed over to the King's cousin and heir: the elusive Bastien Larelwyn, Lord of Thorns, locked away in his shadowy workshop deep inside the castle. What becomes of them is hard to say – the Lord of Thorns keeps his secrets close. Grace has always fought the voice inside her that questions whether the law is truly just, but when her closest friend is next on Bastien's list, Grace's loyalties are tested to the limit. Confronting Bastien – searching his strangely compelling obsidian-black eyes for answers – Grace is shocked to feel herself begin to change, to show the first signs of the wild magic she so fears. Only the Lord of Thorns has the power to save her and the rest of the mageborn – if he doesn't destroy them all first... Sleeping Funny is that rare book--a debut that introduces us to a fully mature writer, one who instantly draws you in with her lean style, empathy and wit, and keeps you reading, with growing admiration and delight, from first page to last. These stories showcase Miranda Hill's astonishing range and virtuosity, introducing us to a protean variety of characters, each as well-realized as the next. Here is a writer who can seamlessly inhabit the consciousness of a sixteen-year-old navigating an embarrassing sex-ed class, a middle-aged minister experiencing a devastating crisis of faith in a 19th century rural village, a pilot's widow coping with her grief by growing an unusual "victory garden" during World War II, and well-heeled modern professional women juggling jobs, kids, and husbands, and trying to cope with the arrival of a beautiful bohemian neighbour, on a gentrified street in downtown Toronto. The qualities that unite these remarkable stories are a pervasive sense of mystery and magic, a wonderful wit and sophistication, and most surprisingly, the slight disorientation implied by the title: In Miranda Hill's beguiling universe, the "real world" is recognizable and slightly askew, as if you were experiencing one of those strange dreams where you think you are awake--or as if you've been "sleeping funny" and are on the cusp of waking into the everyday world you thought you knew.

A romantic novel of suspense in which a young New England girl is trapped into a loveless marriage when she visits a house of ill-omen.

International Arbitration: Law and Practice

A brief historical account of how Christianity became so embedded in American culture from the colonial era to day that most Americans are hardly aware of its ubiquity and socio-political influence. The nonfiction book examines how because the first decades of settlement in the New World brought mostly European Protestant Christians, their faith and cultural ways spread rapidly in the new country, and remained dominant into the 21st century. This historical reality has resulted in a society of unconscious Christian privilege and persistent efforts to embed the faith ever deeper into the nation's public square and governmental politics. The Constitution, however, as the Founding Fathers intended, prohibits faith's coercive influence on government. There is a rational way to right this ship of state, but it won't be politically easy.

A fiercely personal and startlingly universal essay collection about the mysteries of gender and desire, of identity and class, of the stories we tell and the places we call home. Flyover country, the middle of nowhere, the space between the coasts. The American Midwest is a place beyond definition, whose very boundaries are a question. It's a place of rolling prairies and towering pines, where guns in bars and trucks on blocks are as much a part of the landscape as rivers and lakes and farms. Where girls are girls and boys are boys, where women are mothers and wives, where one is taught to work hard and live

between the lines. But what happens when those lines become increasingly unclear? When a girl, like the land that raised her, finds herself neither here nor there? In this intrepid collection of essays, Melissa Faliveno traverses the liminal spaces of her childhood in working-class Wisconsin and the paths she's traveled since, compelled by questions of girlhood and womanhood, queerness and class, and how the lands of our upbringing both define and complicate us even long after we've left. Part personal narrative, part cultural reportage, *Tomboyland* navigates midwestern traditions, mythologies, landscapes, and lives to explore the intersections of identity and place. From F5 tornadoes and fast-pitch softball to gun culture, strange glacial terrains, kink party potlucks, and the question of motherhood, Faliveno asks curious, honest, and often darkly funny questions about belonging and the body, isolation and community, and what we mean when we use words like woman, family, and home.

This collection of thirty-one poems is Seamus Heaney's first since *Station Island*. *The Haw Lantern* is a magnificent book that further extends the range of a poet who has always put his trust in the possibilities of the language.

With a New Chapter and Updated Epilogue on Coronavirus A Financial Times Best Health Book of 2019 and a New York Times Book Review Editors' Choice "Honigsbaum does a superb job covering a century's worth of pandemics and the fears they invariably unleash." –Howard Markel, MD, PhD,

director of the Center for the History of Medicine, University of Michigan How can we understand the COVID-19 pandemic? Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing such catastrophic outbreaks of infectious disease. Yet despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. In *The Pandemic Century*, a lively account of scares both infamous and less known, medical historian Mark Honigsbaum combines reportage with the history of science and medical sociology to artfully reconstruct epidemiological mysteries and the ecology of infectious diseases. We meet dedicated disease detectives, obstructive or incompetent public health officials, and brilliant scientists often blinded by their own knowledge of bacteria and viruses—and see how fear of disease often exacerbates racial, religious, and ethnic tensions. Now updated with a new chapter and epilogue.

International Arbitration and the COVID-19 Revolution Edited by Maxi Scherer, Niuscha Bassiri &

Mohamed S. Abdel Wahab The impact of the COVID-19 pandemic on all major economic sectors and industries has triggered profound and systemic changes in international arbitration. Moreover, the fact that entire proceedings are now being conducted remotely constitutes so significant a deviation from the norm as to warrant the designation 'revolution'. This timely book is the first to describe and analyse how the COVID-19 crisis has redefined arbitral practice, with critical appraisal from well-known practitioners of the pandemic's effects on substantive and procedural aspects from the commencement of proceedings until the enforcement of the award. With practical guidance from a variety of perspectives - legal, practical, and sector-specific - on the conduct of international arbitration during the COVID-19 pandemic and beyond, the chapters present leading practitioners' insights into the unprecedented and multifaceted issues that arise. They provide expert tips and challenges in such practical matters as the following: preventing and resolving disputes of particular types - construction, energy, aviation, technology, media and telecommunication, finance and insurance; arbitrator appointments; issues of planning, preparation and sample procedural orders; witness preparation and cross-examination; e-signature of arbitral awards; setting aside and enforcement proceedings; and third-party funding. Also included are an empirical survey of users' views and an overview of how the COVID-19 revolution has affected the arbitration rules of leading arbitral seats. With this timely and practical book, arbitration practitioners and scholars will gain up-to-date knowledge of sector-specific challenges brought about by the COVID-19 pandemic and approach arbitration proceedings with an understanding of the most important legal and practical considerations during the crisis and beyond.

The truth is elusive in Liar Liar. "Tough and likeable" (Foreword Reviews) Nicole Graves finds herself in the crosshairs when she reluctantly agrees to babysit a witness in a high-profile rape trial. Mary Ellen Barnes is suing her university's star quarterback for rape when the authorities won't act. In the court of public opinion, Mary Ellen appears to be the quintessential, pious, good girl. But her lies and mysterious comings and goings lead Nicole to suspect that she's not what she seems. It isn't just Mary Ellen who's acting suspiciously. No one wants to own up to the truth in Liar Liar, not even Nicole, whose fiancée begs her not to look into the case. But when the witness goes missing during the trial, Nicole is caught up in a tangle of lies that turns deadly. After the investigator assigned to the case fails to do his job, Nicole is determined to find the killer on her own, no matter the risks. "Boyarsky's
