It is the Dark Ages and something evil is stirring. A ship sailing from Noviomagus across the channel to Gaul is caught in a ferocious storm and dashed against the rocks. There are only two survivors of the wreck, both children, and they are tossed up on the shore with a mysterious trunk. An old man rescues them from the beach. He seemed to know they would be coming, and he also appears very interested in the trunk. They cannot escape what lies inside, it is both good and evil, but binds itself to their destiny and sets them on a path which they are forced to follow, and face what lies at the end.

Henry David Thoreau built a log cabin in the Concord Forest in Massachusetts in 1845. Thoreau lived there for two years to try out an alternative to the hectic and economically successful everyday life. The reason: He wanted to consciously feel life in harmony with nature again. The minimalist lifestyle should create space and time for the essentials. Thoreau kept a diary about his feelings and experiences during his time in the forest. This book arose from his notes. It deals with his everyday problems, with economic and philosophical considerations, with the feeling of loneliness, with the animals of the forest, with the seasons and with the reading of classical works.

This title contains all seven books in the series about the land of Narnia. Although written for children these books appeal to every age.

A heartstopping, poignant, epic adventure story about a boy destined to live forever, who only wants to grow up. Without death, life is just existence. Have you ever wondered what it would be like to live forever? Well, Alfie Monk can tell you. He may seem like an ordinary eleven-year-old boy, but he's actually more than a thousand years old--and remembers the last Viking invasion of England, not to mention the French Revolution and both World Wars. Way back in the tenth century, he and his mother were given the alchemical secret to eternal life. But when everything Alfie knows is destroyed in a fire, and the modern world intrudes, he must embark on a mission--along with friends Aidan and Roxy--to find a way to reverse the process and grow up like a regular boy. This astonishing new novel from the author of Time Traveling with a Hamster, told in alternating perspectives by Alfie and Aidan, is a tour de force--a sweeping epic that takes you on an unforgettable, breathtaking adventure and asks big questions about the meaning of life.

Enchanted by Narnia's fantastic world as a child, prominent critic Laura Miller returns to the series as an adult to uncover the source of these small books' mysterious power by looking at their creator, Clive Staples Lewis. What she discovers is not the familiar, idealized image of the author, but a more interesting and ambiguous truth: Lewis's tragic and troubled childhood, his unconventional love life, and his intense but ultimately doomed friendship with J.R.R. Tolkien. Finally reclaiming Narnia "for the rest of us," Miller casts the Chronicles as a profoundly literary creation, and the portal to a lifelong adventure in books, art, and the imagination.

The "Dawn Treader" is the first ship Narnia has seen in centuries.
