Love Gives Life: A Study of 1 Corinthians 13 We are to pursue love as we seek spiritual gifts because love gives life to gifts and love outlives gifts. That's Paul's main idea in 1 Corinthians 13, and this study will help you not only to see that in the text but to seek it in your life. The thirteenth chapter of First Corinthians is about having a love strategy. Paul relativizes what we tend to value most (usually our personal distinctives and niches), places love in central view, and summons us to use every power and resource we have for the good of those whom God has placed in our lives. This is the excellent way of love, and it is worthy of our pursuit. Here's what others are saying about this work: If you're like me, you have either heard or taught love from 1 Corinthians 13. You may even think that you have heard most, if not all of the insights of 1 Corinthians 13. I did. That is, until I read Evan May's take on the text. Evan brings us into Paul's thoughts in a clear and engaging way, which is somewhat hard to do. Not only that, he brings clarity to the definition of love which has been hijacked and is now defined as "undogmatic" and "untheological." However, love is very dogmatic and very theological. In a world where social media has made us, "fall for the delusion that what makes us significant is mainly what causes us to stand out from everyone else, rather than what helps us to serve everyone else," what we all need now is a little bit of love, properly understood that is. Read this book! Curtis Allen Rap artist Voice, author of *Education or Imitation: Bible Interpretation for Dummies Like You and Me* Evan May's *Love Gives Life: A Study of 1 Corinthians 13* is a good example of what Paul says in 1 Cor. 14:26, "Let all things be done for building up." It is brief, unpretentious, but says what must be said to bring the message of the "love chapter" to the heart of the reader. May has been personally moved by Paul's words, and he wants to convey to us the same blessing he has found. He has a wonderful gift for simple, conversational writing, with the most natural and appropriate illustrations. He never assaults the reader, but nurtures him gently, so that we find ourselves growing in grace, almost by surprise. No academic trappings here, but May's understanding of the passage is substantial. I hope that many take the opportunity to learn from this book. Dr. John Frame Professor of Systematic Theology and Philosophy at Reformed Theological Seminary and author of the *Theology of Lordship* series The apostle Paul told his dear friend Timothy, with regard to Christian discipleship, "The aim of our charge is love that issues from a pure heart and a good conscience

and a sincere faith." That is, love is the necessary consequence of the Gospel he preached. Today, that charge is unfortunately blanded by all manner of social and cultural influences, reduced to the idea that "love" is somehow synonymous with quiet and unconditional acceptance. My dear friend Evan May looks back to Paul as the apostle reminded his students in Corinth about the true meaning of love, and why it actually changes the world. The study notes Evan has produced ought to sting a little as we remember that somehow the love of God is both patient and unrelenting toward wrongdoing, both kind and truthful, both eternal and immediate. I recommend this study without qualification, and hope to see more from Evan in the future. Frank Turk Speaker, writer, and blogger at www.teampyro.blogspot.com

Caldecott Medal winner Raschka breathes new life into the letters of Paul the Apostle with this inviting book. Each sumptuous page distills the main themes of Paul's epistles into approachable, appealing language.

Envisioning cruciform community built on resurrection hope After Paul's encounter with the risen Christ on the road to Damascus, he turned from coercion and violence to a ministry centered on the hope of Christ's resurrection. In earthly terms, Paul had traded power for weakness. But--as he explained in his subsequent letters--this "weakness" was actually the key to flourishing community that is able to experience God's transformation, restoration, and healing. What would it mean for pastors today to take seriously Paul's exhortation in 1 Corinthians 11:1 to "imitate me as I imitate Christ" and lead their congregations in this way? Instead of drawing leadership principles and practices from the worlds of business, education, and politics--which tend to orient churches around institutional power and image maintenance--Timothy Gombis follows Paul in resisting the influence of the "present evil age" by making cruciformity the operating principle of the church. Gombis guides the reader through practices and patterns that can lead a congregation past a focus on individual salvation, toward becoming instead a site of resurrection power on earth.

The newest volume in the acclaimed NICNT series explores Paul's three letters to Timothy and Titus within their historical, religious, and cultural settings. Significantly, Philip Towner treats these texts principally as communications from the apostle to his coworkers as they carried out assignments in the Pauline mission. The introduction, which

questions certain untested assumptions of recent critical scholarship, sets out the rationale for this historical approach. It also establishes the uniqueness and individuality of each letter and the importance of this starting point for interpreting their messages. The commentary itself highlights a wealth of new insights. Especially evident in 1 and 2 Timothy, for example, is Paul's concern to deal with a group of opponents. Towner suggests that other dangerous trends outside the church were also in Paul's mind as he addressed the matter of the behavior of women who were active as teachers in the church. The situation of opposition in Titus took a different form -- that of a substandard Christianity characterized by course and immoral cultural values and habits from which Paul insisted the church needed to be removed. Centered on a superb translation of the Greek text and complemented with thorough footnotes, bibliographical citations, and indexes, Towner's commentary on the letters to Timothy and Titus will quickly become a standard reference in New Testament studies.

The Christian Disguise is about phony Christians, that have no knowledge of God's word. These people constantly walk around casting out judgement and they want us to believe that they are Christians. A Christian is a follower of Christ. So if these people are not praying the way Christ taught us to, and these people are not worshiping in the ways Christ did, then who are they to call themselves Christians. Sadly there are many crooked preachers and many so called gospel singers that do not even know the Bible. I am sick of no talent singers calling a song gospel then trying to sell it to the very fraudulent Christians. God's word is His word. Preacher Timothy tells it like it is with no sugar coating in this one. All the way from the crooked preacher to the phony Christians . You must seek God, and following the so called path of priests and preachers can sometimes lead you astray.

First of a two-volume work providing a framework for understanding the life and thought of the apostle Paul In this methodological tour de force, Luke Timothy Johnson offers an articulate, clear, and thought-provoking portrait of the life and thought of the apostle Paul. Drawing upon recent developments in the study of Paul, Johnson offers readers an invitation to the Apostle Paul. Rather than focusing on a few of Paul's letters, Johnson lays out the materials necessary to envision the apostle from the thirteen canonical letters of Paul and the Acts of the Apostles. Constructing Paul thus provides a framework within which an engagement with Paul's letters can take place. Johnson demonstrates the possibility of doing responsible and creative work across the canonical collection without sacrificing literary or historical integrity. By bringing out the facets of the apostle from the canonical evidence, Johnson shows the possibilities for further and better

inquiry into the life and thought of Paul. This first volume imagines a plausible biography for Paul and serves as an introduction to the studies in the second volume. Constructing Paul addresses all the pertinent questions related to the study of Paul. Johnson uses the canonical material as building blocks to make a case for why Paul ought to be heard today as a liberating rather than oppressing voice. This reproducible resource includes 116 verses in both NIV and KJV translations. A great way to introduce Bible learning while the kids are busy with their crayons.

#1 NEW YORK TIMES BESTSELLER • The late, beloved Rachel Held Evans answers many children's first question about God in this gorgeous picture book, fully realized by her friend Matthew Paul Turner, the bestselling author of When God Made You. Children who are introduced to God, through attending church or having loved ones who speak about God, often have a lot of questions, including this ever-popular one: What is God like? The late Rachel Held Evans loved the Bible and loved showing God's love through the words and pictures found in that ancient text. Through these pictures from the Bible, children see that God is like a shepherd, God is like a star, God is like a gardener, God is like the wind, and more. God is a comforter and support. And whenever a child is unsure, What Is God Like? encourages young hearts to "think about what makes you feel safe, what makes you feel loved, and what makes you feel brave. That's what God is like."
