

## Unidad 6 Leccion 2 Vocabulario A Answers

A high school text providing an introduction to the language and culture of the Spanish-speaking world.

A dark romance from USA Today bestselling author Julia Sykes I don't like to be touched. I'm the hacker-geek-goddess of the FBI. When I'm hiding behind my screen, I'm a safe distance from everyone; isolated, powerful. No man has ever touched me, but when I'm captured by Colombian drug lord Andrés Moreno, I no longer have the right to refuse. He's scarred and scary, and his cruel brother Cristian has tasked him with breaking me. I try to fight, but I can't escape his strong arms and harsh discipline. He demands that I accept his touch, and my virgin body can't help but respond to his masterful manipulations. The longer I remain trapped with him, the more I come to suspect that I'm not the only captive in his brother's home. Andrés' scars go deeper than the wicked furrows carved into his flesh, his pain reflected in the dark demands he imposes upon me. His obsession is twisted and wrong, but maybe I'm twisted, too. Do I want to be rescued from him? Or is he the one who truly needs saving? Keywords: dark romance, capture fantasy, antihero, kidnapping, romantic suspense, standalone

**El propósito fundamental de este Comentario es presentar el mensaje de las Escrituras de un modo relevante para la vida de nuestros pueblos, sin la pretensión de ofrecer fórmulas mágicas, capaces de transformar el mundo de un día para otro. El título de «latinoamericano» se debe a que ha sido redactado en su mayor parte por biblistas latinoamericanos. La generosa participación de algunos colaboradores peninsulares quiere atestiguar la existencia de lazos fraternos que van más allá de las fronteras continentales. Quizá llame la atención la variedad de enfoques en la práctica de la exégesis y la hermenéutica bíblicas. Esta diversidad se debe, en parte, a que los pueblos latinoamericanos tienen muchos elementos básicos comunes, pero presentan también diferencias y matices propios de cada país (cf. Documento de Puebla, 51). Los distintos enfoques atestiguan, al mismo tiempo, la libertad con la que cada colaborador ha realizado su trabajo, siempre dentro de un compromiso de fidelidad a la Palabra de Dios.**

*This dual-language text provides theory and methodology for teaching reading in Spanish to Spanish/English bilingual or Spanish-dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and, thus, successful in the school system. At the very core of the book are the hispano-parlantes--the Spanish-speaking children--who bring to the schools, along with their native language and cultures, a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus, to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as developmental literacy skills, reading in the content areas, new views of the development of proficiency in the second language, issues related to students with special learning needs, assessment, and the uses of technology in the delivery of instruction. Never losing sight of its goal--to teach reading in Spanish to bilingual or Spanish-dominant students--the book includes a series of focusing questions and follow-up activities; these are not simply translations of existing activities, strategies, and techniques intended for monolingual English students, but specifically designed to be appropriate for Spanish-speaking students. Directed to university preservice and in-service instructors of reading and bilingual education as well as administrators and district- and school-level staff developers who work with Hispanic populations, the book is sensitive at all times to nuances of the languages and cultures of the intended audiences.*
