Southern Africa, the United States, and a Transatlantic Faith-Healing Movement
A Global Perspective*

"Doctoral education is of prime importance worldwide. In some countries, there is severe shortage of doctoral degree holders, while in others there is an oversupply in many fields. There is a global debate on the best ways of providing doctoral training. To illustrate global trends, the book analyses the current realities of doctoral education with the help of 15 case studies based on different countries and regions. It includes an overview of the state of the literature on doctoral education as well as an analysis of doctoral education from a historical perspective with a detailed comparative discussion. Trends and Issues in Doctoral Education: A Global Perspective also examines the challenges and ideas of current and proposed reforms in doctoral education"--

In *The People's Zion*, Joel Cabrita tells the transatlantic story of Southern Africa's largest popular religious movement, Zionism. It began in Zion City, a utopian community established in 1900 just north of Chicago. The Zionist church, which promoted faith healing, drew tens of thousands of marginalized Americans from across racial and class divides. It also sent missionaries abroad, particularly to Southern Africa, where its uplifting spiritualism and pan-racialism resonated with urban working-class whites and blacks. Circulated throughout Southern Africa by Zion City's missionaries and literature, Zionism thrived among white and black workers drawn to Johannesburg by the discovery of gold. As in Chicago, these early devotees of faith healing hoped for a color-blind society in which they could acquire equal status and purpose amid demoralizing social and economic circumstances. Defying segregation and later apartheid, black and white Zionists formed a uniquely cosmopolitan community that played a key role in remaking the racial politics of modern Southern Africa. Connecting cities, regions, and societies usually considered in isolation, Cabrita shows how Zionists on either side of the Atlantic used the democratic resources of evangelical Christianity to stake out a place of belonging within rapidly-changing societies. In doing so, they laid claim to nothing less than the Kingdom of God. Today, the number of American Zionists is small, but thousands of independent Zionist churches counting millions of members still dot the Southern African landscape.

Every church congregation encounters challenging situations, some the same the world over, and others specific to each church. Richard Osmer here seeks to teach congregational leaders -- including, but not limited to, clergy -- the requisite knowledge and skills to meet such situations with sensitivity and creativity. Osmer develops a framework for practical theological interpretation in congregations by focusing on four key questions: What is going on in a given context? Why is this going on? What ought to be going on? and How might the leader shape the context to better embody Christian witness and mission? The book is unique in its attention to interdisciplinary issues and the ways that theological reflection is grounded in the spirituality of leaders. Useful, accessible, and lively -- with lots of specific examples and case studies -- Osmer's Practical Theology effectively equips congregational leaders to guide their communities with theological integrity.

The People's Zion

By presenting an autobiographical narration of his life, author Josh wa Maoto seeks to reveal how God has demonstrated His love and mercy for him. His childhood life might have seemed to be smooth sailing on the surface, but the reality was tougher than it appeared. His road was full

of bumps, and he owes it all to God. In fact, Maoto believes God designed his life that way intentionally in order to show His true nature of providence to the world. Although the names of people, places, and businesses have been changed, Speaking from the Heart shares the true story of Maoto's life experiences. His aim is to inspire hope in the many hopeless young men and women who have been neglected by their parents. His goal is to help these young people continue to dream big and work beyond minimum expectations. As long as we trust in the general goodness of humanity as an extension of Jehovah's true nature of providence, victory is certain for the faithful. This personal narrative and testimony uses the lens of faith to recall one man's life history growing up and coming of age in South Africa in the midst of apartheid.

The International Guide to South African Universities and Technikons

A spoiled and self-absorbed Mamokgethi Pule's life is brought to an abrupt halt by an unplanned pregnancy. As her daughter Thato grows, she begins to develop otherworldly powers ranging from visions, to seeing the dead, to healing by touch. A young pastor, Solomon Khumalo, is desperate to prove himself by preaching the word of God to a large and loyal congregation. When he discovers Thato's powers, he makes Mamokgethi a tempting offer: in exchange for money, he would pass off Thato's healing powers as his own. As the pastor's popularity and thirst for power grows, Thato finds herself increasingly haunted by the past. The ripples of a family tragedy that happened in the family 30 years ago, creates a burden on her young shoulders as she tries to solve it. The Invisible Strings is a story about the past bleeding into the present, the living and the dead, and the scourge of charismatic pastors.
