Education for Changing Unions presents a rich, stimulating, and provocative storehouse of practical and structured activities, ideas, and debate about union education. Written in a clear and accessible style, the authors have created a book to inspire working people and teachers in many settings and locations. All the exercises and activities have been widely tested. Six thematic threads tie the book together: community, democracy, equity, class consciousness, organization building, and the greater good. Evaluation, strategic planning, and survival for the long haul round out the discussion. See also the popular companion book, *Educating for a Change*, Martin et al. (BTL, 1991). Combining timeless readings with cutting-edge, current selections, Kernell and Smith bring judicious editing and important context for students learning the ropes of American government. This collection effectively examines the strategic behavior of key players in American politics, showing that political actors, though motivated by their own interests, are governed by the Constitution, the law, and institutional rules, as well as influenced by the strategies of others. The 5th edition features 17 new readings, including 5 pieces written specifically for this volume. True to form, each and every selection is artfully framed by Kernell and Smith's headnotes, providing an invaluable grounding for today's students.

Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's Angels & Demons and Hollywood movies like Lara Croft: Tomb Raider. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - Magick: In Theory and Practice - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J.
