Prithu had always wanted to live life on his own terms. Showing complete apathy for the high society to which he belonged, he went around with his motley group of friends whom his wife scorned as 'riff-raff'. But can Prithu really live like a powerful tiger? Set in the picturesque backdrop of the Kanha - Kisli forest reserve of Madhya Pradesh, Madhukari is a novel about Prithu Ghosh. Prithu had always wanted to live life on his own terms. Showing complete apathy for the high society to which he belonged, he went around with his motley group of friends whom his wife scorned

HELIUM, June 8th, 1925 MY DEAR MR. BURROUGHS: It was in the Fall of nineteen seventeen at an officers' training camp that I first became acquainted with John Carter, War Lord of Barsoom, through the pages of your novel "A Princess of Mars." The story made a profound impression upon me and while my better judgment assured me that it was but a highly imaginative piece of fiction, a suggestion of the verity of it pervaded my inner consciousness to such an extent that I found myself dreaming of Mars and John Carter, of Dejah Thoris, of Tars Tarkas and of Woola as if they had been entities of my own experience rather than the figments of your imagination. It is true that in those days of strenuous preparation there was little time for dreaming, yet there were brief moments before sleep claimed me at night and these were my dreams. Such dreams! Always of Mars, and during my waking hours at night my eyes always sought out the Red Planet when he was above the horizon and clung there seeking a solution of the seemingly unfathomable riddle he has presented to the Earthman for ages.

The characters in this highly erotic graphic novel are more than just room-mates, much more. Readers will be amazed at

just how quickly they swap between themselves and they're not afraid to share with others at parties either. Gorgeous full colour artwork with a knack for depicting irresistibly sweet chicas.

This collection of essays illuminates the experiences of pre-20th-century Latin American women....There is surprisingly rich information about Indian and black women....The diverse patterns of family roles and sex polarizations, trends in the feminist movement, and women's political participation are themes of significant importance in the essays. A welcome contribution to women's studies and to Latin American history, especially since there is little available in English covering this.

They say I am a queen. They say I married a monster. That I did so willingly. They say he cannot die, that he does not age. That together, we rule a ravaged world. They say I used to be one of them, but now I am a traitor. They say many things, all which I cannot remember, but ... I fear what they say is true. Then there is what they don't say, what I see in their eyes- The king terrifies them. He cannot be stopped. And, most worrisome of all ... He is coming for me.

Time waits for no one . . . Sydney Gao set off to rescue her friends knowing that they would do the same for her if she was kidnapped . . . except Sydney doesn't know where her friends are, let alone how to find them. She does know where to start though - the underwater Salt realm, a dangerous and unforgiving world swarming with lethal merfolk and other Selkie slavers. Fortunately, Sydney believes she has found a guide to navigate its dark waters and the seedy shifters residing both above and beneath the waves. But the clock is always ticking . . . Her friend, Kellen Winstel, understands this better than most. Locked away in the darkened underbelly of a modern day slave ship, an eternity of servitude is the best he

*"[In Pimp], Iceberg Slim breaks down some of the coldest, capitalist concepts I've ever heard in my life."*

*—Dave Chappelle, from his Netflix special The Bird Revelation Pimp sent shockwaves throughout the literary world when it published in 1969.*

*Iceberg Slim's autobiographical novel offered readers a never-before-seen account of the sex trade, and an unforgettable look at the mores of Chicago's street life during the 1940s, 50s, and 60s. In the preface, Slim says it best, "In this book, I will take you, the reader, with me into the secret inner world of the pimp." An immersive experience unlike anything before it, Pimp would go on to sell millions of copies, with translations throughout the world. And it would have a profound impact upon generations of writers, entertainers, and filmmakers, making it the classic hustler's tale that never seems to go out of style. Ava runs into trouble when she tries to help Pip's friend Tanya combat a bully and when she realizes she is uncomfortable with someone dating her friend, Chuck.*

*Michael: Being the token gay kid in the school was never gonna be an easy ride, I mistakenly thought my best friend Jared would be there for me through thick and thin. I never expected him to become the high school bully that made me hate who I am. One thing's for sure, Jared Collins had my heart, before he broke it in two, I'll never make that mistake again Jared: I can't get him out of my head. Michael Irwin was a temptation that I could not let myself give into. When you're parents are leaders of the church, being openly gay is never going to happen. Once high school is over and I'm out on my own, all bets are off. Michael Irwin is may not realise it yet, but he's mine. Beginning at an introductory level and progressing to more advanced topics, this handbook provides all the information needed to properly design, model, analyze, specify, and manufacture cam-follower systems. It is accompanied by a 90-day trial demonstration copy of the professional version of Dynacam.*

**Ignorance is bliss . . . it can also get you killed. High school senior Sydney Gao has a secret - she is a mermaid. The only trouble is that her mother forbid Sydney from sharing the family secret with anyone. Everything changed once Sydney learned that she could shift a dolphin tail, but none of her friends have any clue as to her true abilities and what really lurks in the ocean depths. Not that Sydney really understands it all either. She has only heard her mother's Salt stories about that mysterious realm beneath the waves and the others who reside there. Unfortunately, her mother neglected to mention those same shifters that Sydney is so anxious to meet have been known to come ashore . . . and never with good intentions. THE SECRET MERROW is the second episode in an epic fantasy saga. If you like dark coming of age stories, thrilling adventure, and new takes on old mythologies,**

**korean wave,hallyu,Korean culture,Korean,south korea,Korean pop culture This book is the first in a series of upcoming books to introduce modern Korean culture overseas. The term “Korean Wave” (“Hallyu” in Korean) was coined by the Chinese press a little more than a decade ago to refer to the popularity of Korean pop culture in China. The boom started with the export of Korean television dramas (miniseries) to China in the late 1990s. Since then, South Korea has emerged as a new center for the production of transnational pop culture, exporting a range of cultural products to neighboring Asian countries. More recently, Korean pop culture has begun spreading from its comfort zone in Asia to more global audiences in the Middle East, Africa, Europe, and the Americas. instruction found in *C# Network Programming*, and you'll find that building network applications is easier and quicker than ever. This book helps newcomers get started with a look at the basics of network programming as they relate to C#, including the language's network classes, the Winsock interface, and DNS resolution. Spend as much time here as you need, then dig into the core topics of the network layer. You'll learn to make sockets connections via TCP and "connectionless" connections via UDP. You'll also discover just how much help C# gives you with some of your toughest chores, such as asynchronous socket programming, multi-threading, and multicasting. Network-layer techniques are just a means to an end, of course, and so this book keeps going, providing a series of detailed application-layer programming examples that show you how to work with real protocols and real network environments to build and implement a variety of applications. Use SNMP to manage network devices, SMTP to communicate with remote mail servers, and HTTP to Web-enable your applications. And use classes native to C# to query and modify Active Directory entries. Rounding it all out is plenty of advanced coverage to push your C# network programming skills to the limit. For example, you'll learn two ways to share application methods across the network: using Web services and remoting. You'll also master the security features intrinsic to C# and

*Regency London's elegant ballrooms mask a daring world of erotic adventure. In this second novel in Gaelen Foley's Spicy Trilogy, a mysterious beauty with a devastating secret discovers, in the arms of a bold and fearless cavalry officer, passion that breaks all boundaries. Some say the aristocratic Balfour clan is cursed, a once-great family now in slow decline. Graceful Lily Balfour is her family's last hope, and she has come to London with one goal-to marry a rich man. Her well-laid plans are balked, however, by the irresistible Major Derek Knight, a handsome highborn soldier and adventurer newly returned from India. Hardened by battles on India's lawless frontiers, Derek is not just a fighter but a skilled and insatiable lover-a master of the Eastern arts of pleasure. Though Derek finds no shortage of willing women in London, it is the untouchable, aloof Lily who haunts him. After one stolen moment,*
