The long-awaited first monograph from the AD100 New York City and Miami-based interior designer recognized for his considerable knowledge of 20th-century design, furniture, and art. From demolishing walls in favor of a floor-to-ceiling, canary-yellow sliding door that opens two rooms to one spectacular Miami Beach view, to adding a sense of translucency to a regal 19th-century Upper East Side townhouse by dividing interior rooms with steel-framed glass doors, John Barman demonstrates in full force—with this book—the clear-cut, decisive blend of glamour and functionality that has won his firm accolades over the past 15 years. At once a classicist and a modernist, John Barman favors handsome, crisp lines and the unrestrained use of strong, resonant color. He can be seen taking decorative cues from contemporary art collections (a palette of warm beige and gold to showcase an Ed Ruscha, or colors and forms inspired by an Alex Katz portrait), seamlessly incorporating antique Persian rugs or Indian artifacts, or combining custom pieces with rich historical references to complement an enviable collection of French art deco furnishings. The fifteen residences featured in these photographs show the designer's full range of talent with color and texture, as well as his masterful ability to honor history and formality while resisting the expected. Chic New York City penthouses, townhouses, and lofts showcase Barman's distinctive methods of arranging rooms to facilitate meaningful interaction; polished white flooring and reflective finishes bring ocean light and color into seaside Miami homes; a traditional Shingle Style summer house takes unexpected inspiration from the Indo-Saracenic Royal Pavilion in Brighton, England; and a converted barn in Connecticut is midcentury, California modern rather than country-rustic cliché. Unexpected materials appear in new ways throughout—cobalt blue lacquer on the underside of a spiral oak-and-glass staircase; pink metallic leather and striped velvet update traditional chairs. Whether an open kitchen for an avid home cook, or a streamlined bar wall for cocktail parties, minimalist black and white or teal flocked velvet walls, each space reveals Barman's signature sophisticated style, bold new ideas, and strong point of view.

When Jonah Lomu trampled over Tony Underwood in the World Cup semi-final in 1995, the greatest star rugby union has ever seen was launched on the world. His size and pace seemed to make him unstoppable - and he was still just 20, having only recently learned to play on the wing. How much better would he get? But a year later, a rare and serious kidney disorder threatened more than his career. He fought back, and continued to score tries at a remarkable rate. Lomu's astonishing story is not just about tries, but about adapting to becoming rugby's first superstar of the professional era, a life lived in the spotlight. This is an extraordinary tale from an extraordinary man.

"Believe me: the benefits of blindness have been greatly exaggerated. If I could see, I would never leave the house, I'd stay indoors reading the many books that surround me." -Jorge Luis Borges Days before his death, Borges gave an intimate interview to his friend, the Argentine journalist Gloria Lopez Lecube. That interview is translated for the first time here, giving English-language readers a new insight into his life, loves, and thoughts about his work and country at the end of his life. Accompanying that interview are a selection of the fascinating interviews he gave throughout his career. Highlights include his celebrated conversations with Richard Burgin during Borges's time as a lecturer at Harvard University, in which he gives rich new insights into his own works and the literature of others, as well as discussing his now oft-overlooked political views. The pieces combine to give a new and revealing window on one of the most celebrated cultural figures of the past century. From the Trade Paperback edition.

The work of John Lyall confronts issues which are as critical for the future of architecture in the 21st century as they were for the pioneers of the Modern Movement between the wars. At the core of the "problem" of modern architecture is how to deal with the treasured historic city, far more resilient than the modernist pioneers imagined.

Passos' only collection of poetry, many of these poems were published in periodicals in 1921/22, though some were composed as early as 1916. George H. Doran published A Pushcart at the Curb on October 11, 1922. There was no subsequent edition.

Are you harnessing the power of a journal? If you are going through life right now feeling like everything is out of control or that things are not happening the way you planned, you need a journal. I don't mean to be too direct, but it is time for you to discover why you feel the way you do and then figure out what to do about it. Or you can just write stuff in it! The great thing about a lined journal is you can make it into anything you want. A day timer, travel journal, diary, notebook for school, etc. If you need to write something down, a journal is the tool you need. If you want to use it for more than just a notepad then keep reading. Benefits Of Keeping A Journal Almost every successful person seems to have kept a journal in one form or another. Success in this case is not defined by money but overall happiness. Whether or not they called it journaling doesn't matter as they kept a record of their goals, success, failures, feelings and their daily life. Your journal contains the answers to your most burning questions. It is literally the best self-help book you could ever read because it is all about you. Just some of the benefits of journaling are: Allows you to reflect on your life and the changes you are choosing to make or not make Clarifies your thinking and as Tony Robbins says "Clarity is Power" Houses all your million dollar ideas that normally get lost in all the noise of life Exposes repeated patterns of behaviors that get you the results you DON'T want Acts as a bucket for you to brain dump in - a cluttered mind leads to a

disorganized life Revisits daily situations giving you a chance to look at it with a different perspective Doesn't crash and lose everything you put into it like electronics (just like electronics though don't get it wet) You may want to keep multiple journals. One that contains your truest and most secret feelings that you guard heavily, but need a way to express. Another that contains all those fantastic ideas, dreams and awesome goals. Maybe just something you doodle in. No matter how you use it getting into the daily habit of journaling has the potential to improve the quality of your life. How To Use A journal Let's look past the simple fact you know how to physically write in a journal and dig into how to actually use your journal. It might contain all the secrets to life's biggest problems but unless you know how to uncover those secrets they stay hidden away in your words. Let the words flow from the heart and be filled with emotions, no holdbacks Make a daily journaling schedule. Each and every day take the time to record your thoughts morning and night. If you love to type notes into your phone all day transfer them to your journal after. Sit in a quiet spot and allow yourself to be judgement free. Your journal is not a reason to turn yourself into an emotional punching bag. Start small. You do not need to write a specific number of words. Just the right amount of honest words that let you feel a sense of being free from negativity and energized with possibility. If you write in your journal like someone is going to read it, you will ever allow yourself to fully express what needs to be expressed. Write like no one will ever read it because it is likely no one ever will unless you want them to. Write how you loved something, were mad at someone, wished something was different or anything you need to. Just do it. Start today writing in your journal. You could even put "Today I bought this awesome journal and will recommend all my friends do the same." Wink Wink Scroll up and hit the add to cart button now.

If you're pursuing an exciting career in the medical field, you'll need to be fluent in medical terminology. It's the universal means of communicating for all medical professionals. It's a language unto itself. When you're sitting in the medical terminology class, the professor will skim over the terms for a given medical specialty. It's not likely your mind will grasp the terms immediately. Learning medical terminology involves memorization. Whereas learning other subjects can include association and hands-on techniques, learning medical terminology requires word repetition. You need to see, hear, and write the terms over and over. It's not very exciting for a field that's so fulfilling. This is where using a medical terminology guide can help. Diagrams of human anatomy give you a visual point of reference for the words. Information is presented in a user-friendly style. A variety of question formats makes self-review interesting. You have true-and-false, matching, and multiple choice. The questions help you use the words in context, which is what you'll be doing on your job. The geniuses behind a medical terminology guide know how to make learning fun. Online guides are especially engaging because they often include games. Some of them give you audio feedback, e.g., the program says "Great!" when you select the correct answer. Using a study guide can help you truly enjoy learning medical terminology. You'll come away from your study sessions feeling upbeat and confident. And once you've mastered medical terminology, you're on your way to a successful career!

This book makes available for the first time in English important works by the anti-Chalcedonian historian and biographer John Rufus on Peter the Iberian, Theodosius of Jerusalem, and Abba Romanus, three key figures of the Christian history of Palestine in the fifth and early sixth centuries C.E. The work offers a new critical edition of the Syriac text; the first-ever published English translation; a substantial introduction to Palestinian monasticism, the christological controversies of the time, and the life and writings of John Rufus; and ample annotations to a Syriac text whose Greek original is no longer available. By providing access to the Christian landscape (literally and metaphorically) in late antique and early Byzantine times, this volume offers a valuable counterbalance from a minority perspective to the biographical and historical writings of the Chalcedonian apologist Cyril of Scythopolis.

Jorge Luis Borges, Argentina's master fabulist, was also an extraordinary conversationalist. There's not a subject he doesn't throw surprising new light on, whether it's to do with Kipling or tango. In fact, there's an impish element in his thinking. In these dialogues with a receptive Osvaldo Ferrari, he covers Buddhism, love, Henry James, Dante and much more as he circles round and digresses at whim. One cannot be sure where the 84-year-old blind man's wit will lead him, except that it's his form of freedom. Even if he's covered the subject before, this time round there's a new flash of insight. He's an optimist. There's always more to say. As with his written work as a whole, these dialogues configure a loose autobiography of a subtle, teasing mind. Looking back on his long life, it's no surprise that time and dreaming become topics, but these dialogues are not a memoir for all time is now. As in his tale *The Other*, where two Borges meet up on a bench beside the river Charles, we have a dialogue between a young poet and the elder teller of tales where all experience floats in a frightening miracle that defies linear time."

Before John Dos Passos enjoys fame as a chronicler and critic of American society, he wins recognition for command of aesthetics. *Orient Express*, a memoir of the author's travels through Eastern Europe, the Near East, and the Middle East, focuses on sights, sounds, and smells rather than plot or character. Dos Passos applies his instincts as a painter to mountain ranges and grimy alleyways, finding beauty everywhere. His tour extends from Tiflis, Georgia, to Erivan, Armenia, and Marrakesh, Morocco; from Kasvin, Iran, to Baghdad, Iraq, and Damascus, Syria. He crosses the Syrian Desert, observes the aftermath of the Greek-Turkish War, climbs the Caucasus, explores Persia during the rise of Reza Kahn, and records the creation of Iraq by the British. His message is clear and relevant to contemporary travelers: holiness and happiness abounds in the East as much as

the West. "With the name of Allah for all baggage," Dos Passos writes, "you could travel from the Great Wall of China to the Niger and be fairly sure of food, and often of money, if only you were ready to touch your forehead in the dust five times a day and put away self and the glamorous West. And yet," he adds, "the West is conquering."

Surf Site Tin Type is an homage to a sport, a way of life and to the people who practice it. Over the last decade, Joni Sternbach has created portraits in tintype of contemporary surfers that put the world of surfing in a completely new light. Stunning in their detail, these unique images evoke the romance of surfing and the strong individualism of the men and women who live to ride the waves. Working with a large format camera and using hand-poured tintype plates, Sternbach has profiled a fascinating range of people on beaches around the world, from Malibu to Montauk to Byron Bay, Australia.

This is the extended and annotated edition including * an extensive biographical annotation about the author and his life Calvin produced commentaries on most of the books of the Bible. His commentaries cover the larger part of the Old Testament, and all of the new excepting Second and Third John and the Apocalypse. His commentaries and lectures stand in the front rank of Biblical interpretation. The Commentaries On Jeremiah, like those on The Minor Prophets, were delivered as Lectures In The Theological School At Geneva, taken down by some of the Pupils, and afterwards read to Calvin, and corrected. We find in them the production of the same vigorous and expansive mind: The Divine Oracles are faithfully explained, the meaning is clearly stated, and such brief deductions are made as the subjects legitimately warrant. Though the Lectures were extemporaneously delivered, there is yet so much order preserved, and such brevity, clearness, and suitableness of diction are found in them, that in these respects they nearly equal the most finished compositions of Calvin as proof that he possessed a mind of no common order. The Ministry Of Jeremiah extended over a large space of time from the thirteenth year of Josiah's reign till after the final overthrow of the nation; but for how long after that period, it is not known. Between the thirteenth year of Josiah and the destruction of the city and Temple, there were about forty years. This was a remarkable period, and Jeremiah nearly alone labored among the people. Their sins had been for the most part the same for a long time — for nearly two centuries, as it appears from the testimonies of his predecessors, Amos, Hosea, Isaiah, Joel, Micah, Nahum, and Zephaniah; for these seven had in this order preceded him. Zephaniah And Habakkuk were probably for a time his contemporaries, the first at the commencement, and the other near the end of his ministry. The contumacy with which Jeremiah often charged the Jews was here evident, as they continued in their evil courses after so many urgent remonstrances by the former Prophets. This book contains Calvin's commentaries on Jeremiah 48 - 52 and the lamentations.
