Un viaggio affascinante tra gli Ultimi Guerrieri, dalla parte dei Nativi Americani. Nello scenario ammaliante dei pow wow, le feste delle riserve indiane in costume tradizionale, l'autrice abbraccia la causa di un popolo che difende la Madre Terra, e lotta per la propria sopravvivenza dopo secoli di ingiustizie e sopraffazioni da parte dell'Uomo Bianco. Raffaella Milandri confronta cultura, usanze e cerimonie delle due tribù, i Crow e i Lakota, anticamente nemiche. Viene rapita da una spiritualità profonda a favore dell'ambiente e del Pianeta, e all'insegna del rispetto e dell'uguaglianza. Per i Lakota i problemi non sono solo i Trattati mai rispettati dal Governo degli Stati Uniti, che li hanno privati delle terre sacre, le Black Hills: incombono anche oleodotti, miniere di uranio e d'oro che feriscono la Natura e l'Uomo. Battaglie senza arco e frecce, ma con tanta determinazione da parte degli Uomini Rossi. La versione ebook è arricchita da foto originali. L'Autore: Scrittrice e giornalista, fotografa umanitaria e viaggiatrice in solitaria, Raffaella Milandri, attivista per i diritti dei popoli indigeni, è membro onorario della Four Winds Cherokee Tribe in Louisiana e della tribu Crow in Montana. Come viaggiatrice solitaria è stata accolta da tribù nei più remoti angoli di mondo. Ha pubblicato: Io e i Pigmei. Cronache di una donna nella Foresta Pluviale. La mia Tribù. The creation of new lexical units and patterns has been studied in different research frameworks, focusing on either system-internal or system-external aspects, from which no comprehensive view has emerged. The volume aims to fill this gap by studying the role of the lexicon – understood in a wide sense as not being necessarily limited to the word level – by bringing together approaches directed to morphological productivity as well as approaches analyzing general types of lexical innovation and the role of discourse. The papers deal with ongoing changes as well as with historical processes of change in different languages and reflect on patterns and specific subtypes of lexical innovation as well as on their external conditions and the speakers' motivations for innovating. Morphological and conventionalization of innovations will be addressed. In this way, the volume contributes to understanding the complex interplay of structural, cognitive and functional factors in the lexicon as a highly dynamic domain.

7 games, easy to prepare and play using photocopies and 3 x 5 index cards. Three of the games are new with the 3rd edition and the rest are up-dated and revised. Student-centered activities provide practice in: vocabulary building sentence/paragraph structure pronunciation & spelling questioning conversation The explanation of each game includes a brief description of the game and a statement of its purpose, instructions for playing the game both for the teacher and for the students (in the target language), variations, and a list of grammar, vocabulary, and conversation situations which can be practiced with the game. A "starter kit" of sample games at the elementary, intermediate, and advanced levels is given for each game. Once the target language samples are put on index cards and the class has fun using the game, the same techniques can be used to practice whatever language or cultural information the students need to work on. The possibilities are endless. Language games are useful pace breakers. But more than that, they build a spirit of cooperation and of shared learning. The games were developed by teachers at the School for International Training.

Here is the story of Jerry Weintraub: the self-made, Brooklyn-born, Bronx-raised impresario, Hollywood producer, legendary deal maker, and friend of politicians and stars. No matter where nature has placed him--the club rooms of Brooklyn, the Mafia dives of New York's Lower East Side, the wilds of Alaska, or the hills of Hollywood--he has found a way to put on a show and sell tickets at the door. "All life was a theater and I wanted to put it up on a stage," he writes. "I wanted to set the world under a marquee that read: 'Jerry Weintraub Presents.'" In WHEN I STOP TALKING, YOU'LL KNOW I'M DEAD, we follow Weintraub from his first great success at age twenty-six with Elvis Presley, whom he took on the road with the help of Colonel Tom Parker; to his immortal days with Sinatra and Rat Pack glory; to his crowning hits as a movie producer, starting with Robert Altman and Nashville, continuing with Oh, God!, The Karate Kid movies, and Diner, among others, and summiting with Steven Soderbergh and Ocean's Eleven, Twelve, and Thirteen. Along the way, we'll watch as Jerry moves from the poker tables of Palm Springs (the games went on for days), to the power rooms of Hollywood, to the halls of the White House, to Red Square in Moscow and the Great Palace in Beijing--all the while counseling potentates, poets, and kings, with clients and confidants like George Clooney, Bruce Willis, George H. W. Bush, Armand Hammer, Brad Pitt, Matt Damon, Bob Dylan, Led Zeppelin, John Denver, Bobby Fischer . . . well, the list goes on forever. And of course, the story is not yet over . . . as the old-timers say, "The best is yet to come." As Weintraub says, "When I stop talking, you'll know I'm dead." With wit, wisdom, and the cool confidence that has colored his remarkable career, Jerry chronicles a quintessentially American journey, one marked by luck, love, and improvisation. The stories he tells and the lessons we learn are essential, not just for those who love movies and music, but for businessmen, entrepreneurs, artists . . . everyone.

"Brilliant....This book is a perfect marriage—or should one say, duet—of subject and author, every word as masterly as the notes of the artist it illuminates.”— Christopher Buckley, Forbes “This is not just criticism but poetry in itself, with the additional—and inestimable—merit of being true.”—

Washington Post Book World Pulitzer Prize-winning author Edmund Morris (The Rise of Theodore Roosevelt, Theodore Rex, Dutch) is one of America's most distinguished biographers, known for his rich, compulsively readable prose style. His biography of Beethoven, one of the most admired composers in the history of music, is above all a study of genius in action, of one of the few giants of Western culture. Beethoven is another engaging entry in the HarperCollins' “Eminent Lives” series of biographies by distinguished authors on canonical figures.

This book provides a history of Luigi Del Bianco's role as master carver of America's Mount Rushmore. Without Gutzon Borglum, Mount Rushmore would not exist. Douglas J. Gladstone rightfully places Luigi on center stage. Without Luigi Del Bianco's exceptional talent and determination, Mount Rushmore would not be what it is today.

This engagingly written and stunning visual celebration brings readers closer to our savior and explores what's fact, and what's mostly fiction about Jesus Christ. The story of Jesus' birth is one of ancient prophecies, glorious angels, simple shepherds, mysterious kings, a humble and righteous young couple, and a baby who would come to be known as the Savior, the Son of God, the Prince of Peace. Drawing from the Gospels of Matthew and Luke, the reader is swept into the world of Roman occupied Galilee two thousand years ago, and discovers why Mary and Joseph had to journey to Bethlehem, even while expecting a baby. Commonly held myths about the Nativity are dispelled, and fascinating insights into Mary, everyday life in Jesus' time, and angels are woven throughout. This book draws readers into a time, a place, and a life that would forever change the world.

À medida que o planeta fica cada vez menor, e mais quente e plano, os conflitos culturais se apresentam cada vez mais violentos. Em Clash!, as psicólogas culturais Hazel Rose Markus e Alana Conner nos ensinam a conviver com algumas das mais profundas divisões culturais: Oriente versus Ocidente Hemisfério Norte versus Hemisfério Sul Homens versus mulheres Ricos versus pobres Empresas versus governos e ONGs Brancos versus não brancos Grupos religiosos conservadores versus liberais Litoral versus interior Apresentando evidências reunidas de diversas ciências sociais, Markus e Conner revelam que a causa fundamental de muitos conflitos culturais é o confronto entre pessoas que usam seu lado mais independente - o self individual, especial e controlado - e as que usam o lado mais interdependente - o self relacional, similar e conciliador. As autoras também demonstram que o self que tendemos a acionar depende do coquetel cultural específico que acumulamos ao longo da vida, não apenas do nosso DNA. Em vez de lastimar o caráter bilateral do nosso self e o multiculturalismo dos nossos mundos, Markus e Conner explicam como podemos alavancar as duas facetas para mitigar os conflitos nos ambientes de trabalho, escolas e relacionamentos, bem como no cenário global.

An exciting e-format containing 27 video clips taken directly from the CBS news archive of a brilliant, best-selling account of the Nixon era by one of America's most talented young historians. Between 1965 and 1972 America experienced a second civil war. Out of its ashes, the political world we know today was born. Nixonland begins in the blood and fire of the Watts riots-one week after President Johnson signed the Voting Rights Act, and nine months after his historic landslide victory over Barry Goldwater seemed to have heralded a permanent liberal consensus. The next year scores of liberals were thrown out of Congress, America was more divided than ever-and a disgraced politician was on his way to a shocking comeback: Richard Nixon. Six years later, President Nixon, harvesting the bitterness and resentment borne of that blood and fire, was reelected in a landslide even bigger than Johnson's, and the outlines of today's politics of red-and-blue division became already distinct. Cataclysms tell the story of Nixonland:
• Angry blacks burning down their neighborhoods, while suburbanites defend home and hearth with shotguns.
• The civil war over Vietnam, the assassinations, the riot at the Democratic National Convention.
• Richard Nixon acceding to the presidency pledging a new dawn of national unity--and governing more divisively than any before him.
• The rise of twin cultures of left- and right-wing vigilantes, Americans literally bombing and cutting each other down in the streets over political differences.
• And, finally, Watergate, the fruit of a president who rose by matching his own anxieties and dreads with those of an increasingly frightened electorate--but whose anxieties and dreads produced a criminal conspiracy in the Oval Office.

"The Mount Rushmore of Adult Entertainment has four heads: John Holmes, Marilyn Chambers, Jenna Jameson, and Seka. That's it; there ain't no more." – Bill Margold, famed adult film actor, agent, producer, director, and activist Seka–The Platinum Princess, the Marilyn Monroe of Porn, the queen of XXX cinema's Golden Age, and John Holmes' favorite leading lady. Seka is a legendary performer in the annals of adult cinema, and many would say the greatest. Seka's name was so big in XXX that her name above the title was not enough–her name had to be in the title! Seka's real life story, though, is as enigmatic as her screen persona. She was never a victim–on–screen or off. This is no tale of remorse, abuse, or self–destructive behavior. Seka was post–feminist before the term was born. Inside Seka is the story of a survivor, a trailblazer, and an icon–still one of the most popular and famous porn stars ever; the last of the natural beauties. "Before the Jennas, the Bree Olsons, or the Savannas, the undisputed blonde bombshell of XXX movies was Seka, which makes her story so important in the history of adult entertainment." – Ron Jeremy, porn legend, holder of the Guinness Book of World Records for "Most Appearances in Adult Films." "From calling the shots in a film genre in the days when it was completely controlled by men, to standing and being heard at the infamous Meese Commission, Seka shatters the myth of the poor little victim who lost her way. Don't expect excuses and apologies. This is one blonde bombshell who lives by her own rules." – Candida Royalle, author, entrepreneur, and erotic film pioneer "She was one of the hottest girls in the XXX business, able to seduce any man she wanted. So it should come as no surprise that her story is riveting." – Larry Flynt, Hustler magazine Kerry Zukus is the author, co–author, or ghostwriter of over 40 books, including From Harvard to Hell and Back, the upcoming Inside the Hotel Rwanda, and Book of the Month Club Feature Selection The Fourth House.

Part travelogue and part scientist's notebook, The Last Speakers is the poignant chronicle of author K. David Harrison's expeditions around the world to meet with last speakers of vanishing languages. The speakers' eloquent reflections and candid photographs reveal little-known lifeways as well as revitalization efforts to teach disappearing languages to younger generations. Thought–provoking and engaging, this unique book illuminates the global language–extinction crisis through photos, graphics, interviews, traditional wisdom never before translated into English, and first–person essays that thrillingly convey the adventure of science and exploration.
