Across various time periods, audiences, aesthetics, and cultural landscapes, Little Red Riding Hood is a universal icon, and her story is one of the world's most retold tales. In *Revisioning Red Riding Hood Around the World: An Anthology of International Retellings*, Sandra L. Beckett presents over fifty notable modern retellings, only two of which have appeared previously in English. The tales

include works published in twenty-four countries and sixteen languages, in texts that span more than a century, but with the majority written in the last fifty years. They include retellings for children, adolescents, and adults, as well as crossover works intended for an audience of all ages. The tales in this volume progress from works that recast the story of Little Red Riding Hood from traditional perspectives through more playful

versions to more unconventional approaches. Seven sections are arranged thematically: Cautionary Tales for Modern Riding Hoods, Contemporary Riding Hoods Come of Age, Playing with the Story of Red Riding Hood and the Wolf, Rehabilitating the Wolf, The Wolf's Story, The Wolf Within, and Running with the Wolves. Beckett provides an interpretative introduction to each text and insightful information on its author and/or illustrator. A

variety of genres are represented, including fairy tale, short story, novella, novel, poetry, illustrated books, and picture books. More than 90 illustrations, both color plates and black-and-white images, reveal further narrative layers of meaning. The number and diversity of retellings in *Revisioning Red Riding Hood* demonstrate the tale's remarkable versatility and its exceptional status in the collective unconscious and in literary

**culture, even beyond the confines of the Western world. This unique anthology contributes to cross-cultural exchange and facilitates comparative study of the tale for readers interested in fairy-tale studies, cultural studies, and literary history. Killings in a remote Canadian town draw the attention of two rival groups: the Heroka, Native American shape-shifters, and the Tainchel, a secret government agency tasked with hunting down the Heroka. Among those investigating the killings are Gwyn Blaid, a solitary Heroka war hero of the wolf totem, and Kate Morgan, a member of the Tainchel traveling with her visually impaired son, Zach. As the killings continue, dark supernatural forces align in an attempt to rule the world.

At a time when most men have lost their instinctive ability to understand animals, Kushi, the leader of a pack of wolves, has a vision of her forefathers. They show her scenes from the future: the consequences of a bond between men and wolves.
