Lucky child - what a wondrous world you live in! This is the theme of Little Blue Planet - a book meant to be read aloud to very young children. When her own beloved sister is captured by the evil ruler, Zardi knows that she must risk everything to rescue her. A New York Times Bestseller 'Within two pages, nature writing feels different and fresh and new ... This book demands we find the eyes to see and the heart to love such things once more. It is a very fine book indeed, truly full of wonder' - James Rebanks, author of Pastoral Song 'An unusual and captivating memoir ... a thing of wonder, the book that most took me by surprise this year' - Jini Reddy, author of Wanderland What the peacock can do is remind you of a home you will run away from and run back to all your life. The axolotl teaches us to smile, even in the face of unkindness; the touch-

me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. In her nonfiction debut, award-winning poet Aimee Nezhukumatathil explores the many places she has called home, from inhospitable plains to tall mountains in big sky country. No matter where she is transplanted, Nezhukumatathil finds beauty and kinship, even in the strange and the unlovely. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world's gifts. Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

#1 NEW YORK TIMES BESTSELLER • Millions of people have fallen in love with Auggie Pullman, an ordinary boy with an extraordinary face—who shows us that kindness brings us together no matter how far apart we are. Read the book that inspired the Choose Kind movement, a major motion picture, and the critically acclaimed graphic novel White Bird. And don't miss R.J. Palacio's highly anticipated new novel, Pony, available now! I won't describe what I look like. Whatever you're thinking, it's probably worse. August Pullman was born with a facial difference that, up until now, has prevented him from going to a mainstream school. Starting 5th grade at Beecher Prep, he wants nothing more than to be treated as an ordinary kid—but his new classmates can't get past Auggie's extraordinary face. Beginning from Auggie's point of view and expanding to include his classmates, his sister, her boyfriend, and others, the perspectives converge to form a portrait of one community's struggle with empathy, compassion, and acceptance. In a world where bullying among young people is an epidemic, this is a refreshing new narrative full of heart and hope. R.J. Palacio has called her debut novel "a meditation on kindness" —indeed, every reader will come away with a greater appreciation for the simple courage of friendship. Auggie is a hero to root for, a diamond in the rough who proves that you can't blend in when you were born to stand out.

Educational and entertaining, the Activity Book includes mazes, puzzles, word finds, games, and other skill challenges. Create your own dinosaur mini-movies, solve 15 challenging tangram puzzles, and more! Dozens of hands-on and skill-building activities are included for a variety of age levels. Learn the history of dinosaur discoveries and about the lives of these incredible creatures created on Day 5 and Day 6 of the Creation Week.
